

UH33 Datasheet

Yealink USB Headset

Yealink UH33 is a professional headset with an over-the-head style that eliminates background noise and helps you get in your concentration zone and focus. Coupled with wideband audio technology and HD voice, the UH33 delivers richer and clearer conversations, as well as reduces listening fatigue. A simple plug-and-play setup permits you to merely use the USB port to the USB-supported Yealink IP phones, plug it into the USB port or 3.5 mm jack to your laptop, or use the 3.5 mm jack straight into your smart device. Get easy access via the intuitive control unit to the frequently-used functions, such as accepting incoming calls, adjusting volume, and muting the microphone. Yealink UH33 stands for its unique position in the market with the combination of exceptional comfort, durable life-cycle, premium quality, and brilliant sound.

Scenarios

Suitable for daily office use and call center.
